

## Fact Sheet:

# Criminal Justice Parolee Services Network

## Background

The Parolee Services Network (PSN) is funded by the California Department of Corrections (CDC). PSN provides community alcohol and drug treatment and recovery services to parolees in 17 counties statewide.

- Programs are administered jointly by the California Department of Alcohol and Drug Programs (ADP) and CDC through an Interagency Agreement.
- Program design provides 180 days of treatment and recovery services.
- The total local assistance funds for the Networks in Fiscal Year (FY) 2004-05 are \$10.7 million.
- ADP allocates funds to the 17 participating counties through the county's Negotiated Net Amount Contract.

## Program Objectives

- Place parolees in appropriate alcohol and other drug treatment and recovery programs either from the community parole systems or immediately upon release from prison custody.
- Improve parole outcomes as evidenced by fewer drug-related revocations and related criminal violations, and to reintegrate parolees into society and encourage a clean and sober lifestyle.
- Reduce State General Fund costs for incarceration and parole supervision.
